

# neogen.com

Find Certificates, Safety Data Sheets (SDS), and Technical Documents

# Navigate to the Technical Document Search Page

Neogen® offers online access to certificates, SDS, manuals, and other product technical information. Navigate to our online technical document search page using one of the links highlighted here.

# Document Search Available Online

## Certificate Search

Certificates are available online for many of the products we sell. To search for certificates, enter the lot or serial number including dashes or characters. Lot number can be found on the product label.

## Technical Document Search

To find your SDS, product kit inserts, technical specification sheets, and other documents relating to Neogen® products, please search by item number or name for the desired product.

### Document Search

To find your technical product documents, please use the search boxes below. To search for Certificates of Analysis, Certificates of Calibration or Certificates of Conformance, please enter your lot or serial number using the Certificate Search. To search for safety data sheets (SDS), product inserts, or other documents, please search by item number or product name using the product technical document search.

#### Certificates Search

Enter the lot or serial number as shown on the product label including dashes or characters.

For Neogen Culture Media branded products, exclude the trailing non-numeric characters in your query (try US110822 instead of US110822H).

For products with "Bulk" or "Device" lot number along with a "Fill" or "Kit" lot number defined on the product label, use the "Bulk" or "Device" lot number in your query.

# Certificate Types

Certificates are available online for many of the products we sell. If a certificate is available for your product, it could be one of these three certificate types:

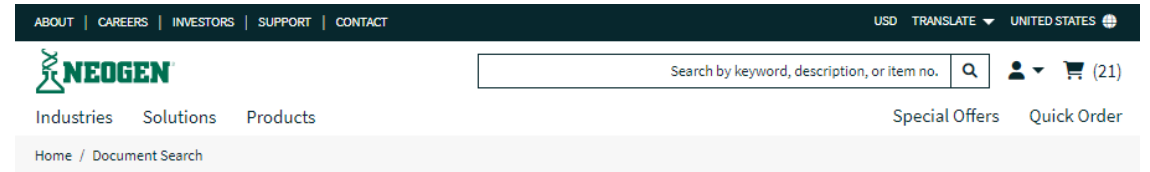

- Certificate of Analysis
- Certificate of Calibration
- Certificate of Conformance

# Search for a Certificate

- Enter lot or serial number
- Filter by document type and language
- Click on the lot number listed
- Document will open in new window and available for download

# Search for a Technical Document

- Enter item number
- Filter the results by document type and preferred language.
- Click on the document name in the search results
- Document will open in new window and available to download in pdf format

The screenshot shows the Neogen website's search interface. At the top, there is a navigation bar with links for ABOUT, CAREERS, INVESTORS, SUPPORT, and CONTACT. The main header includes the Neogen logo, a search bar with the placeholder text "Search by keyword, description, or item no.", and a shopping cart icon with "(21)". Below the header, there are links for "Industries", "Solutions", and "Products", along with "Special Offers" and "Quick Order".

The main content area is titled "Document Search" and contains instructions for finding technical product documents. It features two search sections: "Certificates Search" and "Product Technical Document Search". The "Product Technical Document Search" section has a search box with the value "42" and a "Search" button, highlighted with a red box and the text "Enter item numbers".

Below the search sections, there is a "Search Results For '42'" section. It includes a "Document Types" filter with options for Brochure, Procedures, Safety Data Sheet (SDS), Sample Collection, and Technical Specifications Sheet. There is also a "Languages" filter with the option for English - US. The search results are displayed in a table with columns for Item Number, Name, Document Type, and Language. The table shows several results, with the "Canine Sample Collection - Sample Collection" result highlighted by a red box and the text "Click on document in search results to view and download".
