

Contract Laboratory Services

Why Partner with Neogen?

If you are looking for a food safety testing partner, our contract laboratory service ticks all the boxes. Offering a varied range of accredited testing options with flexible turnaround times, we can assist you with the right testing plan to suit your needs.

A continual investment in new technologies ensures our range of testing addresses existing and emerging requirements. Whether you are looking to improve on the service from your current external laboratory, or if you have a new testing requirement that needs external expertise, we are here to help. Ordering your tests and getting samples to Neogen® is a quick and easy process. All results are confidential and services are subject to extensive quality control and regular quality assurance.

Please visit neogen.com or a2la.org to access our ISO/IEC 17025 accreditations.
